About Me

Motivated Mechanical Engineering student with practical exposure to CAD design, analysis tools, and industrial internships. Eager to contribute technical skills and learn advanced engineering practices in a professional environment.

Education

Bachelor of Engineering in Mechanical Engineering *Savitribai Phule Pune University* *SVPM College of engineering Malegaon (BK)*	**Sep.2022- Pursuing** ***7.20*** *CGPA in 1st year* ***8.66*** *CGPA in 2nd year* ***9.29*** *CGPA in 3rd year*
Higher Secondary Certificate (12th) *Yashwantrao Chavan Mahavidyalay, Karmala*	**Jun.2021 –Mar2022** ***61.67*** *percent*
Secondary School Certificate (10th) *Shri Chhatrapati Shivaji Highschool, Korti*	**Jun.2019–Mar2020** ***88.60*** *percent*

Projects (working on)

- **Scrap Collector Robot on Shop Floor for Metallic Waste in Industry** **2025-26**

Currently working on the design and development of an autonomous robot for efficient collection of metallic scrap in industrial shop floors. The project focuses on integrating sensors with a microcontroller-based control system for scrap detection, along with CAD-based mechanical design and automation for trajectory optimization. The aim is to improve safety, cleanliness, and productivity by reducing manual intervention in industrial environments. This ongoing work is enhancing my practical skills in robotics, CAD modeling, microcontroller programming, and industrial automation applications.

Technical Skills

CAD Tools: SolidWorks, AutoCAD, CATIA V5, Fusion 360, GD&T.
CAE Tools: Ansys APDL, Ansys Workbench, Explicit Dynamics.
Languages: Python, MATLAB, HTML/CSS, JavaScript.
Other: Microsoft Office, MS Excel, MS Power Point, MS Word.

Strength & Softs Skills

- Communication Skills - Problem-Solving Abilities
- Teamwork and Collaboration - Adaptability

Certificates

MATLAB-Basics and Programming	**Nov 2024**
AutoCAD Essentials Course	**April 2025**
SolidWorks Essentials Cource	**April 2025**
Battery and Battery Management Systems (BMS) Course	**June 2025**
ANSYS APDL And Workbench Training Certificate (30 Hours)	**July 2025**

Internship

Design Engineering Intern

At Ascent Softech Pvt. Ltd. During the period of Internship, I worked in various sections such as Cad Modeling. Drawing revisions, Data migration, Diagnostics, Parts Management, Testing and was actively involved in the tasks assigned to me.
